

The Terrace Hospice
Society Presents

MEMORIES OF A LIFETIME

... a legacy gift for those touched by your death. Trained volunteers record and edit an interview about your life and memories. You can be as creative as you wish. These are your memories. These are put on a memory stick for your loved ones to keep forever.

Call Diana at Terrace Hospice to chat about the possibilities. Then you can book a time and place for the interview.

The Terrace Hospice Society's Family & Friend Caregiver Supports Program is funded by the Government of BC and managed by the United Way.

There will be safety measures in place due to COVID-19 to ensure the health and wellness of all involved.
