

Memories of a Lifetime

... a legacy gift for those who will be
touched by your death.

Trained volunteers record and edit an interview
about your life and memories.

You can be as creative as you wish by including photos,
maps, diplomas, recipes, songs etc.

These are **your** memories.

This video is then put on a memory stick
for your loved ones to watch and keep forever.

*Call Diana
at Terrace Hospice
to chat about the
possibilities and
book a time and
place for the
interview.*
